I was blessed to be his neighbor for over 50 years. We had many enjoyable conversations over the backyard fence. He a good friend and a great neighbor. I will miss him.

We have many fond memories of Ron and Marlene and their family as we were neighbors and ward members. What a wonderful man and so kind and willing to help people. He was instrumental in helping us find and buy our first home in Rolling Knolls subdivision. He served with us in many church callings. Our children grew up with their children. With love and admiration, Gordon and Susan
