This is a hard one to swallow. I truly enjoyed playing with for many years, he's a great example friendship. I can remember way back in the Ron and I played with Bill and went to a tournament in Lehi. We were splitting innings. With each other because the rest of the player s were a better ball player. Well Ron made some great plays during his half innings of play. I got lucky and hit one out deep center... became the designated home hitter for the team, Ron and I just laughed as we sat on bench. This was many years ago. Never forgot it. God's speed my ole friend.. may or paths cross again.

I was so deeply saddened to hear about his passing. He was such a great guy. I always wished I had 10% of his abilities on the ball field. It was always an honor to take the field next to him. He was an even better person off the field. I will forever be in his debt. He was such an amazing friend to my father. I was also very lucky to call him a great personal friend. I learned a lot from him. I will always look up to him. I will forever miss him. My thoughts are with you.
