I have many fond memories of Carol from the myriad of Xergon trips and especially the time I spent at the Lupus home when I trained Jeff. To the Lupus family, we send our love. We remember the years of travel and fun with the boys playing soccer. The get togethers, all the laughter and the boys growing up. Carol, of course, was there to help organize and add to the fun. Our families of 4 even took a road trip through California after winning another championship. Good times....

You are all in our prayers.. Clint & Pauline Mason

Dear Family, we were so shocked to hear of her passing...on her birthday. (By the way, we're older than her but we're still alive!) The service was very nice and I'm glad we were able to watch it online. At 86 we don't travel much anymore and we live in Mesquite, NV. We lived across the street from them for many years and spent a lot of time together. Many trips to Lake Powell, cruising, or just going to dinner. Whatever we did we had a great time. Her Christmas parties were always a highlight. We had a party once and she and Stormy sang and danced to our jukebox. They were having so much fun. Gary was a great help to both Stormy and Carol when he was struggling. He helped take care of Stormy and got him out of the house once in a while. Later on he became a great companion to Carol. I can't imagine what she would have done without him. We will miss you Carol. We had some great laughs together and I especially will miss our friendship and conversations. Rest well my friend and we'll see you soon.
