Uncle Ross was a source of joy. So grateful for his presence, his smile, and for his legacy.

- Stacy Christian

Dear Gail, I knew Ross from high school and worked with him at Price's Ice Cream Parlor. I really enjoyed him and was hoping to see him at our postponed class reunion this September. I am so sorry to hear of you and your family's loss. I know that you will always be able to feel Ross's presence with you. My heart goes out to you at this time. May Heavenly Father bless you all and help you through this sad loss. Here's a poem that I would like to share with you. It's called Bound, and is written by an LDS poet, Carol Lynn Pearson. There's something strangely false in our Assured, complete goodbye, For love's the blood in the flesh of the soul And the soul will never die. So--friendly, fondly, as I may In God's approving view, I'll call across eternity For messages of you.

As a young struggling missionary (in Virginia Beach) Ross, my District Leader, took me under his wing and made sure to always encourage me, almost every day. I'm only 5'6" and his 6'4" frame towered over me but he took care of me during a difficult time during my mission. Some years ago, while working for a local Heating and AC company, I ran into Ross on on of our installations, it was like 30 years had never passed. We talked about

investigators like it was yesterday. I'll always love that man.

So sorry to hear this news. Ross was one of my favorite classmates through dental school and will never forget his welcoming us to visit many years ago on a Utah ski trip. Please know that you and family will be in my prayers.

Dear Gail, we send our condolences and our love at such a sad time for you and your family. We will never forget when your family moved into the ward those many years ago and impressed us all by your throwing yourselves cheerfully into all the activities of the ward and neighborhood. You all seemed to be magnets for happiness and friendship and set such a wonderful standard of welcoming and kindness to us all. We were all better people for knowing you and Ross and having the joy of our children interacting with yours. Sincerely with love, Fred and Linda Denison

Ross was a ULSD classmate. We shared the many experiences of our four years as a class together. In later years we coincidentally shared some medical history. I'm sorry he's gone.
