To the Rowland Senior Family-- I honor Rowland as one of the finest men I have known-- He was always positive in his attitude and was very friendly, I remember his big smile. I worked with him for many years with CBI --He was very helpful to me as a young Engineer. He worked for me many years at Rocky Mountain Fab--A very valued and important part of our success. Most importantly I value him as a friend. He always had good ideas and I valued his judgment. He would say and I quote him -- "Cheers my friend" Paul P. Clayton

My condolences to you Lois and your family. I t was my good fortune to work with Rowland for a number of years at CBI. We shared some good times together. He had enormous strength during the time of your terrible accident and as you recovered. May the Lord strengthen you at this time. Sincerely, Huck .

Dear Lois and Family: I was so sorry to hear of your sweet husband and father passing away. Lois, I just sent you a Christmas car telling you that you and him remind me of those that are in the "Dick Clark Club" (never seeming to age. Your family picture on the Christmas photo you sent was very nice and one that I am sure you'll be treasuring the picture, time and the many memories you and your sweet family have made together. I love all of you very

much and think of the time that I visited often when you were in St. Marks after your accident and I spent time with you on breaks and lunches visiting with you. Please know that I love you dearly and you are in my thoughts and prayers as you and your kids go through this difficult time. May God bless all of you and give you peace and reassurance of Rollie being in a better place and waiting for you, Lois dear. Marilyn called today and told me of your loss. We as a family send our love & prayers. Love Always, Dianne Cushing
