Russ will be greatly miss. I remember meeting him in a high school class at Alta High. From there he gifted me with a beautiful baby boy. Hardest working man I will ever know. His love for the outdoors was second to none. He taught me so much and I have the fondest memories.

Russ, gonna always remember the fun times out hunting. You were always fun to be around, and a great guy. I'll always remember the good times with you.

Russ, I always had a great time on our annual hunting trip to Idaho. You were always super friendly, and funny. I loved hearing stories from my dad, about your guy's hunting trips and growing up together. Jordan Day.

Great memories of Russ, from going to high school together, to years of hunting mule deer in Idaho. Going to greatly miss his excitement of seeing a big mule deer buck. Till we meet again my friend. Bryan Day.
