Ruth Jane Armstrong Lambert

January 29, 1933 ~ March 30, 2023

We loved your mom and dad! Cal was our home teacher for many years and he was kind and diligent. Our children learned much from him . On one of his last visits before he passed, he brought Rod and me 2 large Snickers candy bars. He remarked, “Ruth and I put the Snickers candy bars in the fridge and every morning we cut one in half and eat it together. This has kept us together and made us happy all these years!” I was a Visiting teacher to Ruth many years also. She was an angel and truly gracious in every way. We will miss her, but we are joyful for her reunion with Cal! Wonderful people! Love, Rod and Bobbi Snow

I didn't get a chance to personally meet Ms. Ruth but I wanted to send my condolences to the family on behalf of Heather and the family I met sometime last year and I am praying for comfort peace and strength through this time in your life. She is resting now and wants her children to also be ok and know that she is ok and with the love of her life.

We too hope that we, the next generation, can carry on the legacy that Aunt Ruth and Uncle Cal set for us. They were a very special couple and a great example in the lives of their extended family. The love they showed to each of us will live on in our lives.

We have known and loved Ruth for many years, and her dear Calvin, and their children. My wife Sandra was her Liberty Park "walking partner" for some time. She was sweet and loving, and we have missed seeing her in recent years. The family can be proud of the memories of this loving soul.

While we don’t often get to know our friends grandparents, both of us had the wonderful opportunity to spend time with Ruth and her family, for an few occasions. Ruth always made us feel so welcome and a part of her family. Her kindness and thoughtfulness was truly unparalleled. We both send our sincerest sympathies and condolences, and will keep everyone in our thoughts.

We will always treasure our memory and association with Ruth and Cal. Her warm smile and gentle way together with his smile and "hugs" have blessed all our lives. The trips, parties, and events they planned, organized and hosted will be forever remembered. We are happy they are now together again.

To our dear Lambert Family, The beautiful and loving tribute at Ruth's memorial service yesterday was perfect for a special lady. The words and lovely music were tender and touching. Ruth will always be remembered by us as a kind, warm, gracious, and thoughtful neighbor and friend. How much we love each one of you. We have missed those years we had together in the Monument Park 13th Ward. Cal and Ruth were true examples of "goodly parents" and were greatly loved by the Burnett Family.

What a beautiful service for Ruth Jane today. I am so grateful for the memories I have of her and the sweetness of every interaction I had with her over the years. When Michael was attending CBTU in Salt Lake City in the early 1980s, I was lucky enough to spend time with Phyllis, Mitzi, Ruth Jane, and Elaine. I will always treasure those times. Our family also loves Tab, cinnamon bears, and brown licorice!!! We love you all and are so grateful for ties that bind us together forever. God bless each one of you.
