Ruth was one amazing women to know. She has changed many lives by her touch, smile and kind words. I will miss her and she will forever live in our hearts. You will be missed.

- SARAH WARD

It has been years since I've seen you Ruth, dad's funeral to be exact. You and Uncle George welcomed me into your home and visited with me as if I had only been gone for weeks instead of years. I've been able to keep up with you and all of my wonderful cousins, first, second, third, fourth and so on. You have passed your gregarious personality and love of family down to all of them. They are giving you a send off fit for a Queen.
