We still treasure the years living in Parleys 7th Ward. A highlight was our association with the Torgersens. We love you all and the part you played blessing our lives. We are currently serving a mission in Europe, unable to visit with you personally. We pray that you may enjoy the sweet peace of the Comforter. Your folks are great and wonderful examples.

So sorry for the loss of your dear mom. She was a special lady that raised a special family.
