I am so soo sorry for your loss. Ryan sounds like an angel. A funny, fun, silly, but very faithfilled and effective at helping, angel. The funeral service was the most inspirational funeral - or even any talk ever - I have ever been to. I feel so blessed to have been able to attend (by zoom). All our love and prayers are with Marci, and the children, and Marilyn and David and Brandi and all the boys. All of the family.

I am so sad to hear this news. To Marci and kids, you had a great man in your life, you are in my prayers. To Partner Fusion, you lost a great man, he made your company a family, and I am glad to have known him. He will be missed by many, probably most of all in Guatemala where he loved unconditionally.
