Presidente Morrison, com exceção de meus pais, foi o homem que mais me influenciou na terra. Me ajudou a ser uma pessoa melhor e foi onde eu vi mais se concentrar atributos de Cristo em uma única pessoa. Karlos Santos João Pessoa Brasil 55 83991189555

I was particularly blessed to have several touching conversations with him over the last month of his life. He shared some very tender mercies he had experienced, as the Lord helped him prepare for this chapter of his life. He faithfully served in the temple, both as a patron and as an ordinance worker. Often during this service, he was blessed with promptings which he faithfully acted upon. We miss having him serve with us at the Draper Temple. He undoubtedly will now meet the many ancestors for whom he researched their names and did their ordinance work.

My deepest condolences to the family and loved ones. A blessing and gift to have known this man and his dear wife, president and sister Morrison……only have sweet and spiritual memories, leader, friend, always attentive to details and focused on us to achieve maximum growth as missionaries, men and servants of God. Even gave me insights to Bussiness! Recall to this day our last interview and revelation God gave me him as his witness. Blessed to have known you, for the opportunity my family had to visit and have dinner in Sandy and out last phone conversation and video conference with mission group. Love you! Thank you for being an inspiration and example. Celestial to me!!! Love both and will always have in my heart.

Marilyn and family- Sending our love and prayers for you at this tender time. Sam is the most amazing person! Over the years he was always so kind to me and my family! He generously helped me in my job search years ago which I will always appreciate. You and Sam were such wonderful influences on my children as you taught them and helped them prepare to serve full-time missions for the Church. He always asked how we were doing and took time to listen. I loved watching you as a couple and how you weathered the storms in life so gracefully and served so faithfully in whatever you were asked to do. Please know how much we love you both. It is truly a privilege to know you and to know Sam. Our hearts go out to you at this time. We love you and pray for peace, comfort and anything else you are in need of. With all my love, Melody Stauffer

Marilyn and family, We send our condolences. May you find peace.

Dear Marilyn, please accept my heartfelt sympathy for the loss of your beloved husband, Sam. As you may remember, I worked with Sam for decades at the U of U Career Services. He always had a vision for a better future for our office, and under his direction, we had the best and latest technology. Sam was very important to my personal work life: In the 1970s, it was unusual for females to jump from Executive Secretary to a "counselor" salaried position at the U. But Sam made sure that I was promoted as the new Education Counselor (knowing I had an M.A. and experience as a schoolteacher). I will never forget his cheerful and wonderful support and kindness to me. Love, Susan

I send my love condolences to your family at this tender time. Sam was one of the older brother figures who entered my young life when our parents served in Brazil. He was was endlessly kind throughout my life. I know our parents, Elder And Sister Bangerter adored and depended on him. He was for many years the "glue" who held the missionary group together. Please know of our love and support. Blessings, Julie Beck

I offer my condolences to this wonderful man who has done so much for his family, for the Church and for the missionaries of the Brasil Curitiba mission in which I had the privilege of serving and being guided by dear President Morrison. My love and comfort to the entire Morrison family. "Descanse em paz querido presidente". Elder L. Moreira (Leandro)

Dear Marilyn, thank you for giving me an opportunity to watch Samuael's funeral program. It was touching and I learned so many things about Sam that I didn't know before. He truly was a special person. Don was in the ICU and I felt the urge to be with him while you were suffering with Sam's death. I am suffering to keep Don alive. I hope you feel the Lord's comfort and will have the help of your family around you. Love Donna Bradshaw
