I’ll miss sitting on her porch and watching the deer the birds and the baby kittens their moms and just enjoying our visits! She is a very caring and loving person. Very smart!! You’re not gone just a veil away! My friend forever. Love you Sandy!!!❤■

Sandy, you will be missed by all of us. As the oldest of 6, you led the way for the rest of us to follow. You were a wonderful sister and friend. I will miss you every moment of every day. Love, Laura

Sandy, I just now learned of your death. You and I were so close in age, we were more like sisters than aunt and niece. I remember all l the fun times we had together as little kids growing up. We kept in contact for quite awhile as adults as well. It wasn't until your Mom & Dad moved out west and you followed, that we didn't talk as much. You had a big heart and a kind spirit. I remember when my Rich died on Christmas of 1970 and you did as much as you could to help me get through it. I'm sure you are in Heaven. You never could hurt anyone, or anything, intentionally. I remember how you couldn't dissect an animal in your biology class at Ludlow High School. You came home crying to your Mom. She called the school because it was impossible for someone as sensitive as you to do that. God, how I wish you would have stayed in this area, as I wish your Mom had too. I loved both of you and always will. Rest in Peace, my sweet niece. Love Gail
