

Sandra Lee Daly Burton

June 11, 1943 ~ June 4, 2022

You have my condolences for your loss.

- R W Thumper Hughes Higley Pruitt

So sorry to hear about Sandy's passing. She suffered for many years and is finally free to run, jump, and do so many other things that she has not been able to do for a long time. I pray that the family will feel the encircling arms of the Savior's love at this time of your loss. We have been friends and neighbors for close to 50 years. Chuck and Nancy Rose
