---

To Jack, Angela, Liz, Laura, all of the grandchildren and other descendents/relatives. I'm am so very very sorry for your loss. I struggle to find words that would adequately fit the here and now. Just want to let you know that I am feeling your loss from a distance. Not being able to be there at a time like this is difficult for me. I wish you all well as you deal with the loss of your mum. Love Terry
