

Sayali June Bhide

June 29, 2018 ~ November 25, 2022

Sayali was an angel who was in thoughts and prayers of many lifes directly and indirectly connected to her. As her loving parents you both have been fighting for her till her last breath and after. Please accept our deepest condolences for your loss which is beyond imagination and repair. May God give strength to the family to endure this difficult time.

- Sarang Bhide

Sweet little Sayali will always be in my heart! She made class so fun and she made me happy. I will never forget all her little dances as we did circle time, her wandering around the room singing Sayali original songs to herself , having her favorite chair at meal times, and all the funny little things she would say when she got frustrated. I love her and I’m grateful I got to be her teacher for the year and 1/2 I had her! She is for sure a true super star!!

- Miss Jaci

I am so deeply sorry for your loss. I have been following Sayali’s story since she was born. I remember alysha telling us she was pregnant and then telling us Sayali was born with a heart defect. I would see sayalis pictures and it would make me smile as I never knew her, but through her pictures I could see she was a genuine sweet little girl and you couldn’t tell if she was in pain or going though multiple surgeries . She was truly a sweet warrior. I will forever remember her loving smile.

- Ale Serna

Our hearts are full of sadness as we learn of Sayali’s passing. We will always remember her as our kind, determined sweet neighbor. We pray that your family can find comfort, peace, strength and direction in the coming days and months.

- Loreina and family

Omg am heart breaking to have fine out about your little girl,I just can't believe it am so sorry may God give you and family strength, itwas a great pleasure have taken care of her i learn alot with her.R.I.P little angel. ■■♥■ gives you and family strength.
