Dear Edith Marie Bunker. I didn't have the privilege of meeting you in person. But every time I spoked with you on the phone I could feel your amazing and loving energy. Thank you for those beautiful moments. To you and to all your family I'm sending you love with all my heart. In silence I am with all of you. Rest in Peace.

May God be with you in this time of sorrow. She is still with you as long as you have memories of such a sweet lady. MY deepest condolences to the family ■■

John and I have fond memories of Edith from when she was our next door neighbor on Kentucky Avenue in Holladay, more years ago than we care to remember. She was a lovely and gracious friend. A talented and intelligent woman. We were sorry when she moved away. We miss Rulan, also, who was certainly a son of which she was proud. Might add that our two houses were far more tasteful than the starter castles that have replaced them. I expect Edith and I could have a witty, if not sardonic, conversation on that subject. Mother, With your passing we will all shift direction to our own families, and raise them the best we can. Your passing begins a new era in the family, and from it many little families have sprouted. Rest well my most beautiful Mother...
