

Seung Rye Yoon

November 23, 1929 ~ August 6, 2021

Grandma was the sweetest person I’ve ever met in my life. She would always have a smile on her face whenever I would see her. Grandma inspired me to be great every day by her example of hard work. She had a garden that she loved to work on and would spend hours on it. Wouldn’t be the person I am today if it was for her. My condolences to the Shelley family.

- Andre Mulibea

We have been so impressed with the way your grandmother left Korea to dedicate herself to your family nearly twenty years ago. The impact she has had on you will be fondly remembered. She always radiated a special spirit of love and devotion to you. She loved your family so much! She was an example of the qualities that many of us strive for. We pray that you will be comforted in this unexpected loss, knowing that she has been reunited with her family on the other side. Much Love, Julie and Jonathan
