With great affection and respect, I pay my respects to the family of my friend Colin Wood. An invaluable professional partner, airmen, astronaut candidate and a true man of God. He will be greatly missed in this world and with great sorrow and God's peace I send my condolences to all his family. Rodrigo Carvalho Santiago IIAS Astronaut Candidate

I was Collin's cadre at the Naval Academy. He was a wonderful human being. He was very diligent in everything we did and was always on top of his game. He lived life with passion and I remember him always yelling out "Sir, yes, sir" to the detriment of my ear drums. He was a light to those around him. I will never forget you, Midshipman Wood. Rest in peace my friend.

Wood was a dedicated man to every aspect of his life. He was dedicated to being the best he could be religiously, honorably, and emotionally for others. If anyone deserves to rest easily and in peace, it is truly Collin Wood.

Keith and Family.... I am so sorry for your loss but what you have posted he was an exceptional man. God needed him home and has big plans for him. Thank goodness for the Gospel of Jesus Christ and the knowledge that we will be together again. Remember the good times and know he is always near you. Talk to him, he can hear you. Much love to your family. PS. I won't be able to make the funeral or viewing because of prior commitments and my oldest sons birthday. I'll be there in spirit. Prayers to you and family.

To the family of Collin Wood. Your loss will not be for nothing! Collin was an inspiration to many! As for the Army and specifically the Chemical Corps in which he served. He served with honor and distinction. Dedicated to his Unit and teammates. We could ask for nothing less. He was one of the most interesting people in our Corps!

- Sergeant Major JD Howard

I was greatly saddened to hear about Colin's passing. When I was on an unaccompanied tour in Bahrain (I was stationed overseas while my family was back in the US) Colin and Megan adopted me and gave me a family to hang out with, share meals and generally keep from getting too lonely. I'll miss Colin's sense of humor and sense of adventure. The world truly is a darker place for his passing.

- LCDR Kevin McHorney, USN(ret)

We were neighbors for many years in Kearns I enjoyed watching all your kids grow and mature I remember how much Collin loved aviation so I could relate to him a lot because he reminded me of my brother that I was very close to. Collin would always show me his models that he was so proud of when he would finish them. He really did accomplish a lot in his short life you have a lot to be proud of I am sorry for your loss. My heart is very tender at this time for your loss as I lost my son this last year. My faith has helped me a lot may yours carry you through. Always remember the great times and memories they are truly treasures. You will see him again.

As I mourn the loss of my kind, generous, faithful, loving friend on this day as we celebrate his life, my grateful heart rejoices in the knowledge that he walks with our Heavenly Father now, completing his ultimate earthly goal. Collin met his lofty earthly goals with such grace and humility as he encouraged all those around him to achieve theirs. Our Lord and Savior blessed him and those who loved him. I shall miss my special friend here greatly until we meet again as he now serves HIM on a new path. Onward and upward as usual my friend.

- Capt Pamela "ShortStop" Stoppelbein

My heartfelt prayers go out to the Wood family and all of Collin's friends. I met him at NAPS in 2007, where we bonded as friends and shared moments at the Chapel's Bible study. I recall him as kind, joyful, and profoundly level-headed during our conversations about faith and life's profound questions, always bringing a sense of peace to our discussions. His obituary reflects what I knew of him—a heart dedicated to service. I am proud to have known him during his time here on earth, and I eagerly anticipate reuniting with him in heaven.

I was an instructor while Collin was at NAPS. A few of the staff that had him are still here and remember him fondly. I am sorry for your loss. He was a kind soul that built relationships and cared about others. God Bless you all.

- Dan Durfey

Collin and I were at NAPS and the Naval Academy together. He and I are both members of The Church of Jesus Christ of Latter Day Saints and traveled to church together every Sunday for almost two years. We also served missions at the same time and went through the Missionary Training Center together. Collin was a gentle giant and I will always remember him that way. He will truly be missed. My prayers are with the Wood family.

- Kristin Krout (Deas)

I'm so sorry for your loss. Collin and I were Naval Academy classmates/company mates for two years, and I'll remember his optimism and passion for service. You have my deepest condolences and prayers for peace during this difficult time.

- Kara (Yingling) Handley

I am grateful for having had the chance to know you. You have always been a wonderful friend, and your company will be sorely missed.

Collin and I had plans. Adventures to enjoy this world and pacts to show up for each other so we could show up for those we love most. I thought I would share with everyone his last text messages to me. Only a few days before he passed. "I think I'm going to go on another mission." Now in the context he meant an act of service in this world, but it seems this mission has taken him to the next. I love you my friend - it was a privilege to sharpen steel with you.
