My beautiful friend Sharon. What an example you have been to me for so many years. I loved working with you at the U. Your kindness towards others, your delicious cooking you shared and so many talents. You spurred me on the road of running and marathons and gave me the courage to do them. Running has blessed my life in many ways and I thank you for that. You also introduced me to your beautiful daughter Gretchen. I had the opportunity to work with her in the NICU for several years and follow her growing, beautiful family. I adore you and your family. I am so thankful for you and your life. Thank you for touching mine. I love you.
