

Sharon Ione Winn Glasgow

January 19, 1939 ~ January 7, 2023

I have such wonderful memories of Grandma Sharon. She was so humble and had no guile. She always had a cheery positive attitude and warm smile no matter what was going on in the world. I appreciated her selflessness and she always gave more than she received it seemed. She loved going for car rides with the windows down like I enjoy even on warm days. I remember her taking a trip with us to Disneyland when the kids were younger and how she laughed with delight at all the thrills. We got to go to the front of the lines due to her wheelchair and I felt it an honor to lift her in and out of the many cars and water rides. She even made me go a second time on the Indiana jones ride as it seemed to be her favorite with all the ups and downs and crazy rolling boulders. Sharon always loved her holidays and birthdays and anything scary. One summer I recall painting the outside of her brick home a new off white color with brown trim around the windows. She would wheel out in her chair onto the back porch to supervise and as dusk set in she would hold a light up for me as I finished the last parts in the dark. She was so excited with the new paint and and blinds and worried that her carpet might get stains from the wheels of her chair….but they didn't and I remember for many many years she was so happy in her little home across from her parents house. Most of all I appreciate that despite a divorce she never treated me different and always showed me love and a hug. I know Grandma Sharon is happy and nearby and I look forward to seeing her again someday.
