My deepest condolence for the family. I worked with Sharon at Smiths Marketplace for a while. She is one of the person I will never forget how kind and caring she was to me. She was always be able to see goodness in people. Love her dearly and will miss her.

Sharon was a joy to work with. I was lucky enough to see her every morning at 5am and she'd always say "Well I better go see what trouble I can create" we loved and will miss her greatly. Go see what trouble you can create. We'll all see you again soon enough.

Sadness seems to enhance the love and closeness of those who pass before you. Question remains, why you? Living at the bottom of Bryan, cusp of Kensington allowed for the best of all. Terribly miss Sharon and Bob. Friends for ever. 30+years. Never forgotten.
