

Sharon Lee Green

January 6, 1940 ~ March 30, 2026

I knew Sharon for at least 25 years. Smart, Kind, Humble, I will miss her very, very much. I love you Sharon. ❤■

I remember Sharon from South High School, Class of 1958. She was a kind and gentle soul and exactly as described in her tribute obituary. She made as much of an impression on me as she obviously did others as my memory is going back 68 years to recognize her. Rest in peace, Sharon. You did make a difference.

Dearest Nate & Family, We wish to send you our love & profoundest condolences for the passing of your mother & grandmother. What a beautiful, special woman. How very blessed your family has been. She will continue to stay close to you & watch over you from the other side. She loved you all so very much & worried much over you. So peaceful to know she is with your father now. We hope this day will be filled with family love & peace knowing where she is. Your greatest tribute to her & the others in your family who have left this life will be honored by the way you live & love each other. With our love, Jack & Audrey Burns
