We love Sharon and are so very grateful to have known her. She was instrumental in helping us find some long lost relatives and it's been a blessing to be able to communicate with them now. It's going to be very hard to think about her and not see her in person but we will meet again. The memories will be cherished!

Hearing this news this morning felt like a gut punch. Sharon has been a dear friend for many years until I had to move. I've missed her so much and Roy as well. I am relieved for her that she no longer suffers and she is free of pain. She was always cheerful and strong no matter what she was going through. She was an inspiration and I loved her so much. My heart breaks for Roy and her family but you will be reunited and that will be a blessing of joy and comfort. ♥■♥■♥■ So long my friend ■■■■

To Roy and the Scott family, we are truly sorry for your loss. When our family moved into the ward back in 2012, Sharon and Roy were some of the first members to welcome us with open arms. Even though Sharon was going through some difficult and painful health-related issues, she always greeted us with kindness and love. Her love and dedication to Family History was an inspiration to us. She will always be remembered as a loving, compassionate friend to our family. Please know our sincerest thoughts and prayers are with you at this time. Love the Glade family.
