Shauna I'm glad your not suffering anymore. I wanted to honor your wishes and speak at your funeral but my dad excluded me from that and said you weren't in your right mind when you asked me. I know you were very much in your right mind but I don't want to be in a hurtful situation. I love you and will cherish our memories. Your going straight to heaven for your beautiful heart and innocent disposition. Thanks for all the things you made for my kids and me. And thanks for always being kind to me and I'm glad we were friends. I will still write the speech for you and share it at your grave after the funeral where it will not be hurtful. That will have to work. I hope you understand I wanted to honor you and due to the circumstances this is the best I can do.

Larry, Sorry for your loss of Shauna. One is fortunate to find some one you can share your life with, the ups and downs , the joys and the tough times. To have some one that is there for you on each of those occasions was as meaningful for her as it is for you. Remember the best times and take strength knowing that she knew she was loved. Jim

I will miss Shauna for her love and passion for crafts, holiday decorations, Elvis, and Elvis memorabilia. I witnessed a few of her creations which were absolute menageries that could keep one curiously scanning for hours! That signified to me a great giftedness that Shauna had, despite any limitations. Imagine now what she can do, say, and what beauty she is making!
