Shaunda Brown Trimmer

August 29, 1971 ~ January 28, 2023

Ms. Trimmer was the best math teacher I ever had… she actually made calculus enjoyable which many might think is impossible. She had an infectious energy and I looked forward to going to her class every day. She even treated us to some kitten time once our exams were over. What an amazing spirit, I am sorry to hear of her passing.

My heart is broken and my tears are flowing. I met her at Skyline High School when the Deaf program was over there. She was so much fun and always cheerful. Her enthusiasm was contagious and she was full of energy . I enjoyed our once in a while Friday Happy Hours. She was absolutely a beautiful spirit and her energy and foresight so perspective. I see her smiling eyes and hear her laughs. Oh How I will miss her!!!

I met Shaunda while she was a student at Southern Utah State College- now Southern Utah University. She was a member of a sorority where I served as advisor. She took life on with enthusiasm and a strong will. Time with Shaunda was never dull. It was an honor to have known her and enjoyed her friendship. Condolences to her family, especially her daughter, Hunter.
