

Sheila Keller-Powell

April 21, 1956 ~ July 29, 2023

Lee, Sending you hugs in this devastating loss. I will always remember her bright smile and quick laugh. I loved that almost every conversation would come back around to growing plants or growing childrens' curiosity. I love you dear friend!

Lee, I was so sorry to hear of Sheila’s passing. You two were the sweetest couple. I will always remember her strength and her insistence that women be saucy. Sending loads of love your way. Shelby

I first met Sheila in elementary school, and we remained friends all the way through high school. I remember my mom teaching her to drive in the church parking lot across the street. After losing touch for a few years, we were able to reconnect. She was one of the most beautiful spirits I've ever known. I'll miss you my sweet friend.

Lee, When Sheila and I first met at Westminster College there was an instant connection. We spent many hours on campaigns, planning events and visits with her grandmother, whom she dearly loved. Sheila was always up for "A GOOD TIME." The night Sheila met you was the beginning of a wonderful partnership journey. As I sat with both of you, she blossomed. Your laughter and conversations were the beginning of your life together. I was always grateful I was there to be a part of a lifetime of goodness ahead. Sheila deserved the best and she received you. She will always be with you. She will be watching over you and Lily. May you remember all those great times. She was someone you could count on. Thank you, Lee, for always being there for her.

Happened to think about Mrs. Powell out-of-the-blue today and looked her up. I am so very sorry to read this. I was a student of hers at Jordan Ridge almost 30 years ago. I loved Mrs. Powell’s class and all the things I learned about the world. I especially loved her passion for space and remember our Star Trek mission with a big smile. My thoughts and condolences to her loved ones, she was such a cool person.
