Dear Aunt Kris, I know I haven't told you enough lately, but I really LOVE YOU! Ever since I met you way back when I was very young you always treated me very well, Your Kindness, love and affection was always there. You were an amazing human being, and we were very lucky to have you hear on earth. You have always been a great example of HOW people should conduct their lives in so many ways. I could go on forever here but just wanted YOU to know how much WE ALL LOVED YOU!! Say hello to everyone for us and save as a seat! MISS YOU a lot. Love, your nephew Ronnie :-)

We are so sorry about the passing of your beautiful mother and our dear friend. Kris was an icon! We have many fun memories of your mom and spending time together at ballgames. We felt like part of the family because of the loving, welcoming person Kris was, and she will be missed. May heaven's peace and the love of family and friends help you through this difficult time.

What an amazing beautiful woman she will always be .. I m going to miss my monthly call in payments and the reason for call in was to simply hear her beautiful voice with a cheerful conversation. I don't know who says that

ever when paying a bill..She made you feel like family and now she has perfected her job here .Heaven has gained a super angel.. I m blessed to have known such a beautiful woman

Mark and I are so saddened by the news of your mother's passing. She was always so thoughtful and kind to us. We want you to know that we love you and your girls and will be supporting you through this most difficult time! A lot of the same wonderful qualities we see in you, we saw in your mother as well. She was a true matriarch!!! May she rest in peace.

I learned of Kris’s passing today and spent some time crying and reflecting. She was more than just an insurance agent…she was a dear friend. I was with her the whole time at State Farm as probably her most difficult client…but she always got me what I needed and showed me tough love when I needed it. She probably never knew it but she was even a therapist when going through my divorce. Truly a class act. My heart breaks for her family and especially Alicia as I used to love watching their close relationship while they worked together. The world lost a great one, but Heaven gained a very sweet angel.
