I was very sad that I wasn’t able to make it to the viewing but grandma Sheryl was a very beautiful and loving lady and I will miss her greatly. I had tried to stay in contact with her the last couple months but so much in my life has happened and I couldn’t find the number to get ahold of her but I will miss her and I loved her dearly. I’m sorry for your loss ■

Sheryl and I were once very best friends. I remember her sense of humor and the love she had for her family. I pray peace in the hearts of her family, and especially her children and grandchildren. I know she will be hugely missed. I'm honored to have known her.
