Hello my name is sherry one of Shirley nieces. I want to say how special aunt Shirley was to me all my life growing up she always thought of me by making my clothes for school she was a gifted seamstress she made my graduation dress and I received many compliments on this beautiful dress! She was a very sweet softspoken soul I'm very proud to of had her for an aunt and had great times shopping and gping to lunches with her and grandma! I have many stories to share about being with her but I will keep them close to my heart and I will miss Shirley very much! Hope she is in peace and is happy now with other family members that pasted before.
