

Simone Lucia Dalfonzo Kent

November 16, 1963 ~ September 15, 2023

Your mom was a wonderful person, it was my privilege and pleasure to have taken care of her and her plants. I will miss her terribly. I will think of her every time I see an orchid.

- Margo Kirstine

I will always remember her for her laugh and great sense of humor. She made work fun and adopted me as her friend. I will miss and love her until we meet again! Thanks for all the memories!

I loved taking care of Simone. She was the best patient I have ever had as a CNA. I had a strong connection with Simone and I know she will never be forgotten. Rest in peace Simone. Let the Angels above love you deeply. Long live room #217

Family is the most important connection we have in life. Although Simone lived so far away, that connection is still important. As I read her obituary, I realized that she lived a good life, filled with adventure and new things. She was a dedicated, loving individual that helped many people and did her family name proud. Rest in Peace.

I'm a CNA at south Davis and I wanted to share my story about Simone. The first day I worked with her I walked into her room and she said to me "are you lost?" I giggled and said "no I'm just nervous." She then told me something I will never forget "growth is everything, look at all my beautiful plants." I will carry this with me forever. Simone had a beautiful goofy aura. I want to give you my condolences as life is so unfair. Why do all the good people go first? If you look at a garden which flowers are picked first? The most beautiful ones ♥■ Simone is no

longer in pain and is at peace and she will forever rest in our hearts ■
