Spencer was a great soul with a lot of love in his heart I am so glad that even for a brief moment I got to know him even if it was in a work related sense. He is a good man and their will be good memories and good story's to tell. Jusqu'à ce que nous nous reverrons, my friend

Your loved one’s obituary showed up in my newsfeed, which is the first happening of its kind. I read it in its entirety and it literally moved me to tears. He sounded like a great person and somebody that I would have been good friends with had I had the pleasure of knowing him. I wish peace and healing for those of you he has left behind in this world. - Ryan in California

What a sweet send off for Spencer. I didn't know him, but I know his grand parents, Danna and Ron Wright. So sad to hear of this. I have 4 kids, can't imagine them passing so soon. But greatful to God for his plan of happiness and all of its parts. Bless you all with Love and Peace. A distant cousin who cares and loves you all

We feel such sorrow at Spencer's passing. He was such a sweet little boy that we remember living next door to for a time. He loved Uncle Mark and Mark called him his little buddy. We pray for you Jody and Carter and all your family that you may find peace at this difficult time. We love you.

Upon hearing the shocking devestating news of Spence’s passing my world came so so so close to crumbling into a zillion pieces!!!!!!!!!!!!!!!!!!!!!!!!!!! Our devoted friendship started about 2004 on a play ground in Layton. This blossomed like a wildfire and we never spoke any negative words ever toward one another!!!!!!!!!!!!!! Being away on business I had no idea of the accident until received the god awful news. Spence was a loving caring funny person

who often put my needs above his own!!!!!!!!!! His bear hugs left me feeling I am the most awsome person he knows!!!!!!!!! Spence's loveable kindness and honesty were beyond reproach. His family he spoke about so so very much give me an insight into the steadfastness of them. Yes his demons were a challenge for him and he did not give up to the last breath he took!!!!!!!!!!!! RIP bro Spence. May gods grace be with you!!! Your one awsome 'STUDDLING'!!!!!!!!!!! ■■■

My world was turned upside down hearing about the accident and Spencer's passing ……..still haven't come to terms with the gravity of it yet……probably may never. To his loving caring family he spoke of often please know he loved you all. RIP big 'SPENCE' . Please put me on your visiting list….. and keep the light on for me and your tender loving caring friends/family!!!!! May the lords light shine on you through the eternities Spence my dearest friend■■■■■■■■■■■■■■■■■■■■■
