Ray and I began a great friendship with Stan and Patsy many years ago, four-wheelin'.The many trips we took and pictures and videos we have will forever be a constant reminder of a friendship forever. ❤■

Stan was such an amazing man. I always called him “Uncle Stan” , although he was my dad’s cousin and not his brother, but we spent so much time with he and Patsy and their children when we were kids that he felt more like an uncle. I remember him as a kind and patient man with a great sense of humor. I loved camping and jeeping with the entire jeep group, those were some of my best memories growing up. My condolences to his family❤■. Becky.
