You were a great one. Our Home Teacher for 41 years. We will miss your smile and sense of humor. And the many breakfasts and dinners we shared with you. Your woodwork gifts will always remind us of your Kindness and generosity. Rest in Peace my dear friend.

It breaks my heart that I will not be sitting across from Stan anymore enjoying breakfast at one of his favorite places. He would talk for hours about the family and share pictures of the great and great-great grandkids. But I know he is having the most wonderful reunion with LuJean! It makes my heart happy to think of them together again. I am so grateful for Stan and the "surrogate" father he has been to me over the years. I sure will miss that grin and special chuckle he had while telling his corny jokes! My thoughts and prayers are with the rest of the family at this time.

Stan was a giant among men. We served together when the stake was young. His counsel and enthusiasm were so valuable. We regret not being in Granite for the service, as we are serving a mission in Chile.

We have known Stan for many years since we first moved to Granite. He made pens for our three sons when they went on missions. He has been our home teacher for several years and has made us wooden gifts, took us to breakfast, and never forgot our birthdays. He has come to our home for dinner with the seniors. We all enjoyed his many stories about his lifetime. We loved his kindness to us. He always left us with a prayer. RIP Stan until we meet again. Much love, Eddie and Jan Hansen

We have learned so much from Stan. He set a great example in the tender way he cared for LuJean. He taught us that you are never too old to develop talents and learn new things—and that knowledge and talents are best when they are shared. In every way he was a perfect gentleman and a class act. We will treasure our pens and his memory.

Your Father was the true epitome of a gentleman. Although the sting of Death is hard....we have to rejoyce that he is with his beloved wife. I was lucky enough to receive one of his beautiful works of art as a crafted Dolphin jewelry case. It is lovely.

I miss you Grandpa.
