Sorry to hear this

- Jon Walsh

I am just stunned by this news. Steve was a very dear friend, practically since he arrived here. He was a light. My thoughts are for Claire and Ian, and Ruthie and Paul. I send my love. Please let me know when a celebration for him will be, he is worth it.

We had the pleasure of meeting this wonderful man at brunch post Covid and he was so interesting, delightful and fun. To his kids, he spoke of you so highly and told wonderful stories about who each of you were. Know that he was a proud, proud father and loved you each dearly. RIP Steve, we are honored to have known you for a very short but impactful time.

Steve was my roommate for 2 years at the Tejas Club at UT. He was my sponsor into the Club, and perhaps my best friend (though he had many).. I've often thought about Steve with great fondness and admiration. Steve's athleticism and adventurous fun-loving, zest for life was an inspiration.
