Steve was a valued Dyno Nobel colleague & a delightful person. We enjoyed many holiday parties & informal get togethers with Steve & Kay & mutual friends. His passing was unexpected & I am saddened even in view of our infrequent contact.

We are so sorry and sad to hear about Steve. Steve was loved by many. We enjoyed spending time with Steve and Kay. Kay is a beloved P.E.O sister.

You will be missed, but I know we shall meet again. My deepest sympathy to your family: Kay, Barb, Mick, Paula, Kristi, Brian, their spouses and grandchildren. May fond memories comfort your family and live in their hearts forever. You touched the lives of many and fulfilled your purpose while here. I'm truly blessed in having you in my life's journey. May God provide comfort for those left behind and may you RIP.

Steve was such a wonderful neighbor and even better friend. You couldn't help but get excited whenever you heard the rumble of his cars start up. Sincerely, enjoyed our driveway and garage talks and shooting the breeze about anything and everything but eventually ending up back to the age old Chevy versus Ford bias■ We will miss him tremendously, but it's nice to know he was part of such a kind community and a great husband and father
