Great guy. Such a shame. He died so young.

- Cindy Crass

The memories I have playing football with him and the kindness he showed for my dad will always be in my heart. My thoughts and blessings go out to his entire family. The world is a little more sad at his passing. Go titans

I knew Steve well as we grew up in the same neighborhood along with his parents and siblings. A dynamic and caring person who's presence in any group is appreciated. I have wonderful memories of his entire family!

I really don’t know what I'm going to do without you. You have been one of my best friends, for as long as I remember. I love that we always stayed in touch. My daughter Ashley said your very lucky, because now you get to see her dad Tony. Personally, I wish you were both still here. I will miss your phone calls to just say hi, & ask how I

was doing. I'll miss your laugh, our stories of our amazing children, but most of all, I'll just miss you. I never knew you were sick, & I think that's why this is so hard. It was just so fast. Have fun reuniting with all our great friends & family that went before you. I bet Lance is excited to see you. See you, when I see you. Love you forever my friend, Deb

It is very difficult to sit down and write this because my heart goes back, but I would like to send my deepest condolences and sympathy to Steve's family and to his close friends. I knew him well throughout my younger years and have so many wonderful memories of Steve and will keep those memories close to my heart. It's never easy to say goodbye and to think of someone as simply gone from this earth. To not have the chance to say goodbye. Sometimes mourning someone from a lifetime ago has to be done in private. Needless to say, the people who had him in their lives were lucky to be touched by his sense of humor, friendship, and love. I know he will always be a part of their hearts and lives as they remember the simple day to day nuances of his big personality. Farewell to you my long lost friend and may God be with you. Love, Debs

Dear Phippen Family, I watched Steve's service today. What a beautiful tribute to a great man. The stories were all so wonderful. Paige, Lindy and Haley, thank you for your tributes to your dad. I went to school (junior high and high school) with Steve. One of my favorite memories of Steve was in either 8th or 9th grade (sticking with 8th). And again my memory fades, was it a talent assembly or the assembly announcing the school elections???, anyway, it was set up like the Tonight Show and Steve was Johnny Carson (Flygare...Ed McMahon...yes?). He was just amazing...so entertaining! I last saw Steve at our 50th class reunion, as always, funny and friendly. I will miss him and his great personality.

Steve and I met in the late 70's when he worked for Tovey's Sporting. Goods. We became good friends and I called him on his wedding night to sing "You Light Up My Life"! That was a standing joke we shared and when we connected 4 years ago in Dallas, that song was a great way to remember fun times. RIP Steve, and my heart condolences to your family. Fond regards my friend! Tim

I grew up in the same neighborhood as the Phippen family. I was the same age as Reggie. The whole family were nice people! I remember Steve used to come over to our house to talk to my Dad about Sports and many other things. He was a great guy and will be missed by many! R.I.P. Steve
