

Steven Louis Reynolds

April 13, 1956 ~ March 21, 2026

Dearest family, we share in your sorrows and grief, and your sweet times with Steven while he lived so loudly among us...quiet gentle man that he was. We pray that you feel comfort and peace and rest day by day, and that you know how greatly we love you, and him. Always All Ways

- Diane and Bob

Dad had told me Uncle Stephen died. I am sorry to hear that and send love to Aunt Sharman, Ben, Dan and Andrew. I hope that he is at peace in the afterlife and that you all can find comfort at this time and always.

- Marian Reiley

They announced Steve's passing in our sacrament meeting today. My first thoughts were of you, Sharman. You have always been a woman of great faith, knowledge, and common sense; as well as being such a delightful person to be around. This might be another one of those experiences I heard you talk about one time. You had planned and prepared your life to go to England, and you ended up in Sweden; a nice place, but different and not what you had planned for; so you changed gears and directions and learned how to deal with Sweden. You will enter this next chapter just like you have other things, with a positive outlook. I always enjoyed Steve's music and his continuously calm demeanor. I also liked watching him interacting with your boys, it was obvious that he loved them in his own quiet way. Miss you, love Cami

- Cami Webb
