

Steven Randall Allen

January 8, 1948 ~ December 5, 2020

We are so saddened by Randy’s passing. He was always so friendly and kind. He had a great sense of humor. Nancy, you have been a rock during his illness. May God give you and your family peace in your heart at this time. Love, John & Karen Yates

I am so sorry for your families loss. He lived a good life and was surrounded by a living family. I worked with Randy many moons ago at Kelley Clarke. Prayers and blessings.

We are sad to learn of Randy's passing; he was a great example of kindness and courage. We enjoyed our friendship with you all for so many years, and pray you will find peace and comfort at such a challenging time.

I didn’t know Randy personally and I believe I met Nancy only one time. That said, I have had the privilege of being a work colleague with their daughter, Danielle, for many years. Working with Danielle is truly one of the crown jewels of my own career. Randy and Nancy instilled in Danielle an incredible work ethic, thirst for understanding and an incredible sense of humor. Randy has left a legacy to be proud of and I know he will truly be missed. All my thoughts are with his family and friends.

Who knew that 47 years ago our next door neighbor would become our life long dear friends. There are so many memories of good times and laughter. We cherish every one. Danielle shares a birthday with Uncle Vinnie and Randy shares a birthday with our granddaughter. We miss him terribly and hold you and the family in our hearts.

We will miss laughing together Good buddy But have our blessed memories Forever love

- Uncle Vinnie

Dear Nancy & Danielle: I’m so sorry I couldn’t make the viewing last night. However, I was able to watch the funeral today. It was a fitting tribute to a life well lived. I have many fond memories of Randy and his kindness to me (& considering I was a teenager for most of that time, his tolerance as well!) My father has remarked several times during the past few years that Randy had become “truly converted to Christ”. I have no doubt he was joyfully welcomed on the other side of the veil. My thoughts and prayers are with you both. Love, Marvy
