

Sue Bolinder

September 6, 1938 ~ June 11, 2023

Aunt Sue you will be missed. I love you.

- Roberta Godfrey

Bob and Family, Our sincere condolances for your loss. It was our great fortune to know you both for many years. The many "quilt shows" we received on our visits will always be rememered. Her quilting skills were just one of many remarkable skills she had. She will be missed!

- Galen & Becky Coles

I came to know Sue late in her life. I married her son John in 2020 during the pandemic. Because of the pandemic, visits were brief often at the door with masks. We did have several sweet visits later on where Sue shared her quilts and John's Dad told stories about his plane adventures. She visited with our daughter Anastasia and made her a memory quilt to congratulate her on her completed book. I wish we had met sooner. John was very proud of his mother and her life accomplishments. Much love sent to the entire Bolinder family.

- Gidge Sundquist/ Bolinder

I have loved my dear sister. All of my life and I will miss her. I am thankful for the knowledge that I will see her again! She is no longer blind, and while.
