Sue and Dave were in our Cottonwood 8th Ward. Such great people and friends to everyone. Sue cooked many great meals for all of us to enjoy. She had such a gentle and kind spirit. I remember how much they both loved their 2 daughters Lisa and Stephanie who were friends to my own daughters.. It was a joy to know and associate with them.

I am so sorry for your family’s loss. And at the same time in awe of how lucky you are to be part of her family. It was an honor to be her friends and neighbors. She had a kind, quiet and genuine soul. She always carried herself with such graciousness and humility. And she was always wanting to insure everyone else was well. She will be greatly missed. The world and especially our neighborhood has lost a bright star. I’m sure she is thrilled to be back with your Dad.

So sorry for your loss. We deeply love your parents. They were wonderful examples of love and service to the community and especially to us as we served together in the California Sacramento Mission. Love, President and Sister Jardine

My family and I are deeply sorry to hear about the passing of Sister Susan Mu. We first met Susan and David when our ward (The Salt Lake First Laotian-Thai Ward) joined the then University of Utah First Stake, where the Chinese Ward had already been part of the stake. We served together in various capacities for years. When David became bishop, our wards grew even closer, as our youth had so many joint activities. Later on, David and Susan were called to serve as a senior missionary couple in our ward. Their service was exceptional! They put their hearts and souls to the work. Oh how we loved and appreciated them! Their legacy is still being felt today. Rest in peace, dear sister until we meet again at Jesus’ feet. The S. Sukhan family
