Steven and I are deeply saddened to learn of Susan's passing. We just want to extend our heartfelt condolences to the Spafford family during this difficult time. We will miss not seeing Susan, David, and Joseph walking up to the pool for their daily swim. Susan was a lovely woman and great neighbor.

Susan, I will miss seeing you doing your aqua aerobics in the pool. I will miss your voice and laughter and all the compliments you gave to anyone who approached you. I will miss the bright, colorful beach bag you always carried to the pool with you. I would see it perched on a pool table from afar and it signaled your lovely presence. You were always so wonderful and kind with everyone and I will miss your spirit here. May you rest in peace. I send my deepest condolences to the Spafford family.

Well, I was so sad to see that Susan has passed. She was 4 years older than me and as a little girl I pretty much idolized her! She was so pretty and fun and could dance! When I got older I was so impressed when she decided to serve a mission and I was happy to follow her footsteps and serve as well. I'm sure she is so happy to be with her parents and loved ones once again.

Thoughts of Susan came to me and then I learned of her passing. I have special memories of being with Susan on the BYU Study Abroad to Israel. Susan was so bright, full of light and had a strong testimony of Jesus Christ. She was so fun to be with. She was beautiful inside and out and I loved to braid her gorgeous long hair for her and enjoyed our talks. She is forever in my sacred memories of the Holy Land now she walks with Jesus.
