Dear Bryant and Family, We are so sorry to read of Susan's passing. We know these past few years have been difficult. She is in a better place, and we know you will be glad to be with her again someday. We appreciated all the love and beauty she brought to the world around her. I especially enjoyed working with her for many years on the Creche Exhibit. We have travel plans this month, so we will be in Utah when you have the Palo Alto service and in Nevada when you have the Utah service. We are sorry to miss on both ends, but o our thoughts and prayers are with you all. Love, Ken and Sue Allen

So sorry to hear the loss of Susan. I remember working on a remodel of the McOmber house in Palo Alto when I worked for a local contractor. It was a majorly intrusive remodel which we did while the McOmbers were living in the house and I worked hard to keep the dust and construction debris to a minimum at Susan's request. When I was scoutmaster, and after James was no longer was in scouts, the McOmbers donated camping equipment to me which I still have to this day--all items were labelled "McOmber". I smile thinking about them whenever I see/use it. Don Ganschow

Dear Hilary & Family, My heartfelt condolences with God's comfort and love. Your mother, Susan was so kind when I joined the LDS church over thirty years ago. She always had a beautiful smile and a warm greeting at church services and events for me. Words cannot fully express my sympathy; however, I will be grateful and remember her gentle acceptance and non-judgmental spirit. Thank you and your family for sharing Susan with me and so many others. God's Peace Blessings, Saundra & Family

I was very saddened to hear of Susan's passing. Although I know she and her family were suffering greatly, all untimely deaths are tragic. Her sister, Carla, was one of my dearest friends. Her untimely death several years ago leveled me and I think of Carla and miss her every day. I send my most profound sympathy and condolences to the McOmber and Cannon families. May Susan rest in eternal peace.

My precious Cannon and McComber family! I was so sad to hear of Susan‘s passing! I know it’s been a rough time for all of you! She was one classy, wonderful, beautiful lady and I remember a childhood of fun when my folks brought me up to Salt Lake and dropped me off at Aunt Elaine and Uncle Jim’s to spend time and spend the night and go on adventures with the Cannon’s! What tender memories and what a family! Susan, obviously and naturally went on to do great things, married a wonderful companion and raised a beautiful family! Although it’s been many years, I have kept you all in my thoughts and prayers and send my love and the love of my entire Brooks family! Treasure the beautiful memories and just think of the incredible party going on that eventually we will all be a part of! With my love, Kathie Cannon Brooks (Winfield’s daughter)

I love Susan and feel grateful for our early friendship with Bryant and the children when they lived in the Oakland Ward. Susan was an inspiration in so many ways: her kindness, her creativity, her parenting skills, her leadership abilities. Wherever she was, there was beauty, warmth, and friendship. I am sorry she left us at such an early age and under such difficult circumstances. Sending love to all of you outstanding children, and to Bryant. What a blessing she was to your family and to all who were fortunate to know her. Though I didn't see the family in later years, Susan will always be one of the "special" people who touched my life.

I have known Susan for nearly 20 years. She is one of the kindest and most caring people that I have ever known. She had a smile and kind word for me every time I came in contact with her. She was genuinely concerned about the wellbeing of others. I know that she spent countless hours lifting up others who had experienced tragedy and hardship. She truly made the world a better place. It is wonderful to read about her life and her many great accomplishments. She was and is a truly special person!

My deepest condolences to the McOmber's family in the passing of Susan. Every chance that I got to attend Church, Susan's warm and kind spirit (always with a smile on her face), was always welcoming. One time I had the opportunity to volunteer and feed the community alongside with Susan. That was my first interaction/my first conversation with Susan, and it was special, because we got to know each other a little more and work together. Rest in Love Susan. Love and prayers to her family and friends.

Dear Bryant and Erin, As we look at Susan’s beautiful pictures over the years and read the tender tributes and condolences we feel blessed for the occasions we were in her presence. One theme of her beauty and character was her consistent friendly caring. We recall with admiration and sadness a conversation several years ago when she shared her struggle with her memory and likely upcoming decline. She spoke frankly and warmly I thought, openly and candidly as to a lifelong friend. She had the gift, regardless of circumstances, to leave one, remembering and valuing the moments of conversation and anticipating the next conversation. Our thoughts are about her faithfulness, her love of her family, and the moments of grace and friendship she offered. Your enduring with nobility the burden and tender mercies of recent years has given us an example of strength under duress that will be a rock of reassurance to us in the years ahead.
