I love Susan and have since she was one of my most loved YW leaders. She has been a strength for many years. I was so grateful for her love and compassion towards my Dad before he passed. Our hearts and prayers are with you all!! Remember the ANGELS are watching. She is still cheering you all on and is not far.■■ Love you ALL, The Folkersen Clan

Just watched the video and had a wave of fond wonderful memories. Thank you to the kids for putting it together. Susan improved my life as she welcomed me to work each day and took great interest in each and every patient. What a wonderful example of love and influence for good in our world! We love you Susan, and look forward to seeing you again.

Susan and I met during her courtship with my elder brother, Jay in 1964. I was 12, she was 21. She made a most lovely bride and I was so proud of her as my new sister-in-law. She also played a key role in my life, after both of

my parents passed away, as I was a member of my childhood home and her household in Cottonwood Heights from 1968 to 1974 when I returned from my mission. She was a dear friend, sister, and mother. She always listened to me and gave stern advice and loving encouragement. My heart is broken with her passing. She is an Angel. I send my love and condolences to her family, especially to my two nephews, Jay and Eric. She was so proud of these fine young men.

What a beautiful lady, outside and inside. How Susan was loved by all who associated with her. She had a warmth and a smile that attracted even strangers, and her hugs for those she knew were like a ray of sunshine. Susan loved her family and was always happiest when she was with them. Susan always had kind things to say of others. I will miss her smiles, her hugs, her friendship. I am grateful for the many, many years, the trips, the parties and just time spent together. She was a Grandma her Grandchildren will never forget, and will have memories and memories that will last forever. And her dear Becca who cared for her and watched over her for so many years. Love that lady, she was regal. I'm so grateful for the knowledge that I will see her again and I will get more hugs from her and more time spent with her. Love Donna Archbold

I love Susan. We were good friends in high school and lost touch for many years. Then we found ourselves planning reunions together. In recent years we've had get togethers with others from school, and she would come to many of them. I heard recently that she wasn't doing well, and I kept meaning to call her, but alas, didn't do it. An opportunity missed. Before I married my husband Dave Ehlers, he was seeing Susan quite often. He had kept in touch with her over the years in that he was good friends with Jay. They had a special friendship. When she worked for Dr. Fisher, he started going to him, and we still do. Even though we haven't been in touch constantly, She was an important part of both of our lives. She is truly an elegant lady and will be missed.

We have been friends for over 50 years. Always felt so loved by her! I was so glad that the friendship continued after we moved from Cottonwood heights. We have many fun wonderful memories that I will always cherish. Love you so much my friend!

Dearest Susie, you were my second Mom. I am so blessed to have had you in my life. We just finished watching your service and I'll have to say that the thing Jackson said, "....it was not unusual for Grandma Susan to wake up with a child in her bed..." was my favorite comment. What better place for a child to go when they were scared, lonely, or maybe just wanting to feel your warmth and hear a story. You were wonderful with everyone, but especially with children: warm, kind, and never condescending. You always made learning fun for them. I will always remember you getting Audrey to eat when she was little with that silly, battery operated dancing flower!! Some wise person once said, "People won't remember what you say, but they will always remember how you made them feel." You made me feel cherished and loved and I will carry that with me always. XOXO Pamela
