

Susan Elizabeth Pugh Grant

Feb. 13, 1942 ~ June 15, 2024

I have such sweet memories of being NICU Social Workers together, me at Primary Children's & Susan at LDS Hospital. We ended up living down the hall from each other in the Pollyanna Apartments on the Avenues. I now live in WA State but was visiting Salt Lake this past April. I'd found a beautiful card Susan wrote me in 1994 & wanted to visit to show her. We spoke briefly on the phone & she told me she was being very well tended by her wonderful son & was too weak to visit. I wanted her to know how much her wisdom & kindness had meant to me in the midst of a huge leap of faith. I'm grateful for the friendship we shared & to Les & Lily for the love they brought.
