

Susan Kae Ogilvie

March 10, 1956 ~ November 30, 2021

My heart goes out to your family at this time. I know she is having a wonderful reunion in heaven with the many family members that are there. We need to remember that we will see them again when its our turn to join them. My prayers are with you.

Susan and Terry found ourselves at a movie shortly after my mother passed away. I knew she was my husband Marks cousin and they had a special bond since birth since they were born only 2-3 weeks apart. Both of them made sure I sat with them since I was there alone. The movie I know was made for me because it brought back so many memories of the relationship my mother and I had. When the movie was over and I was sobbing, Susan put her arms around me and consoled me. At that moment I understood why my husband had such a bond with her and from that moment on so did I. I look forward to the day we will meet again. My heart hurts for the loss the family is feeling. Love to all of them. Mark and Joyce Birch

Sue was a dear friend to me. She was one of the kindest persons I have ever known. I will truly miss our long talks. I am glad she is with her eternal companion, Bill.

Sue was a dear friend. She was someone that you felt lucky to have in your family. She was fun, loving, smart, thoughtful, and kind. I am so grateful for our friendship and will miss her dearly.

I was saddened to learn of Sue's passing. I met Sue because I worked with Bill at Westminster College until he unexpectedly passed. Sue continued to stay connected to Westminster Aviation through the many ways she encouraged students and shared in their celebrations and news. Sue and Bill were both generous, kind people whose family meant the world to them. I send my deepest condolences to anyone who was lucky enough to know Sue and love her. She brought a light to this world that won't be forgotten.

Susan was simply a wonderful human being. She was a great mom, the best neighbor and the most caring dog lover. She had some huge challenges recently but she overcame them with grace and determination. She is an amazing example of strength and beauty to us all. She will be greatly missed.

To the family of Sue Ogilvie, I am sending my heartfelt condolences for your loss, for it is the loss of the DUP members also. Sue made my upcoming assignment just a few weeks ago and I will create the story with her in mind. She died 'on the trail in the Christmas season' as our lesson is about. But she died full of faith, hope in her Savior Jesus Christ, and with the love of many round about her. I will miss her very much, and wish you comfort and peace in the coming days. Spring, Lynette, Logan & Kyle, We are so sorry for your loss. Words can not express that enough. Your mom is so proud of each of you! She would always tell me how each family was doing. When ever I needed help, she was always sending a message. We needed a surveyor, she recommended Kyle, my daugther was looking for a job, she recommended Davina, photographer, Alexa,. She loved her family more than anything in the world. Extended family and friends were treated just as wonderful! She will be missed.? Heaven received an Angel and you gained another one watching over you! FAMILIES ARE FOREVER!!!❤■ We continue to have you all in our thoughts and prayers,

- Amber & Roy Thacker
