

Susan Taylor Wilcox

April 23, 1948 ~ September 8, 2022

Condolences to the family. Susan and I went to school together and she married one of my best friends, Steve Wilcox. Too bad we never got together much after their marriage. I was on a mission to Germany when they married. Steve and I also went to school together and sang in a sing group. I believe Susan and I were in the choirs together at Olympus. Dated Laurie a few times. Hope she is well. Great family. Susan was a good person and fun to be around. She had a happy personality which I enjoyed.

I had the pleasure of working with Susan several years ago. She did have a funny sense of humor and we had many laughs together. I was sad to hear of her passing. She was a beautiful person.
