

Susan Tripp Bringhurst

November 10, 1949 ~ February 9, 2022

Our four daughters were the lucky enough to be in several of Sue’s classes. Her love for them was evident in all the activities she planned, the crafts she made and the sweet notes they received from her. We will always remember her kindness, joy and laughter she brought to our neighborhood. We extend our condolences to her husband and the wonderful family they created.

Dear Paul, I am so sorry to hear of the passing of Sue. She was a good friend to me. I have missed seeing her for quite some time, my love ■ to you & your family. With love to all from Vanae

I loved talking with Sue. She was always so nice to me and welcoming to the family. I remeber talking about her job at the scrapimgbooking store in Spanish Fork. She was fun, sweet and friendly. I loved her smile.

A fond memory I have of her is when I attended a St. Patrick's Day party she was hosting. I was not prepared. The house was covered in decorations, there were crafts and activities galore, the table settings were green, the food was on theme, everything. All just for St. Patrick's Day! I was told that she does this for every holiday and that's pretty awesome. What fun memories for her kids and grandkids. I'm going to do a Sue-style Valentine's party this year in honor of her. I love your family and we're all sorry she's gone.

Wishing all of you the peace and comfort that come with the loving memories you share of Sue.

Sue was such an amazing person who had a lasting impact on my life and the lives of some of my children, whom she taught. She had a capacity to love and see the best in others. She was such a good example of that to me. At one point I was called to be her visiting teacher but truly I think it was me that she that ministered to. She taught me so much about Christlike living and having faith. We shared many tears over concerns we had for family members and she would alway pray for my wayward kids. She was so amazing everything she did. She knew how to throw a party like no one else and made everything special. Sue, you will be missed by so many. Lots of love from the Conrad’s.

I’ll never forget my first scrapbooking overnighter with Sue and Kimber. Sue had so am you fun crafty things to use and I had no idea how to use them or at least how to make something appealing with them. Kimber and Sue were excellent and patient teachers. Sue talked to me as if I were an important person, not the, no doubt, immature teen that I was. Every interaction with after was just like that. I came away feeling heard and seen by her. There were some good laughs and some important conversations too with tears of joy and catharsis. I am grateful to her for bringing Kimber into this world who continues to be a kindred spirit for me. All my Love to Kimber and the rest of the Bringhurst family.

Paul, I know Susan's passing was not a surprise, but it still leaves an emotional vacuum. I hope and pray that the Lord's comforting love will envelope you and your family so that His peace and comfort will lighten your load during this time of mourning. Kind regards, Brent Bartholomew
