Dear Bill and family, I have such good memories of our short visits including Susan. I remember well she gave me a big hug just as she was leaving the last Sunday. I wish I could have had more visits with her. Thank you for that short time together. Thank you also for your friendship and help and kind loving care. God bless your family and take care of you all. I didn't know Susan personally but she was my husband's first cousin. He is Bruce Williams and we live in Cisco, Texas. I know her friends, the Ungers, from their missionary service in our YSA branch in Midland Texas. I was scrolling thru Facebook when I saw her picture and before I looked at the name I said that she looked just like Aunt Yvonne. You can imagine my surprise as I read her name. Also glad to hear that Kirby is still alive. He attended our daughters wedding some 15 yrs ago. We have always had a loving fondness and respect for Aunt Yvonne. I'm sure Susan, being raised by her, was a great lady. I'm sorry for your loss.

Bill, Both Cay and I feel a deep sense of sorrow at Susan's passing. Both Susan and yourself were for Cay and I great examples of all that is good and faithful. Your dedication to the Gospel and our association during our time together in the Middle East, left an eternal impression in our lives. Of course, Susan's loving and faithful demeanor made us all the better. Our deepest condolences to you and the family.

Susan had just told me on the Sunday before her death that she was going to be my ministering teacher. I was so excited to get to know her better, I feel like we could have been great friends. She was such a beautiful lady inside and out. She will be missed...

When ever I spoke with Susan or even just saw her I felt of her sweetness and kindness. It is who she is-full of goodness. Having had the privilege of being taught by her I know of her powerful testimony and love of the Savior Jesus Christ. Truly she is one of the very best. I will miss her very much.

Dear President Buffington, we are sorry to hear this news. You and Sister Buffington were such an important component of our mission. Your wife complimented us one day telling us that we looked like fine representatives of the Church. It was kind of funny too because that day we had made a point to kind of match in the colors we wore. From then on we made it a point when "working" together or at church functions to kind of coordinate. Gary nearly always takes a look at my outfit and then chooses a tie to go with it. She was just always so gentle and gracious. Poised and sweet. I bet she always will be. I kind of have a list of women I would like to be like. Sister Buffington is on that list in company with others such as Sister Hinkley. Fond memories of both of you. Gary and Nancy Blamires

Dear Bill, We are shocked and extremely saddened to learn of Susan's passing. We have nothing but sweet memories of our wonderful interactions with Susan, while visiting with Aunt Yvonne and the Jackson family. And Susan so resembled her lovely mother in beauty, word and deed! We know they are having such a joyous reunion. We are so happy that you stopped in College Station to visit with us a few years ago. It was wonderful to meet you and to catch up with Susan again. The two of you are definitely a match made in Heaven. Our love, Gary and Rhonda Williams

Terry and I had the privilege to serve with both of you in Salt Lake Headquarters Mission. We feel so blessed to have been given that opportunity. Our love to you ❤️ across the miles during this time of separation. The Kobersteins

Dear President Buffington, Our hearts were so saddened to hear about Sister Buffington. We were so blessed to serve in the same mission with you both and to have you as leaders serving with President and Sister Fenn. You were both such amazing examples to us and everyone. It was a special blessing to get to know you and see the dedication and commitment you have in serving our Heavenly Father. We also enjoyed living in the same apartment building and having dinner together on a lot of the Fast Sundays. You were so fun to be around and a "light" to everyone. We enjoyed hearing of all of your adventures and the great experiences and what life was like while you lived on the Arabian Peninsula. We pray for you to feel peace and comfort from our Savior. We hope you feel our love and the love of everyone that knows you. We are better people for knowing both you and Susan and having your examples in our lives. We love you both very much. Our thoughts and prayers are with you and your beautiful family. Love always, Kenton and Marilyn Anderson

I knew Susan for a short time but it was filled with smiles and love. She was a joy to know and filled with enthusiasm, helpful and just a wonderful person to know I will have an empty spot in my life for her genuine love for the gospel and understanding. May she always smile in memories.

Dear Bill and family, I was serving mission at the Family History Center in 2017-18. I remember you both being such a blessing to all of us serving there. Your warmth and kind words were such an important part of helping us learn and grow in our service. God bless you as you go forward remembering all the wonderful times you had together. Thinking of you all as you celebrate Susan's life. Jane Swallow-Ward

Dear Bill, We are so sad to hear of your loss. Susan and you made our trip to Antarctica so memorable. Enjoying our visits as we ate each evening with Mike and Pauli were the highlights of each day. Learning of your amazing life together was inspiring. Funny at times and full of love. You are the kindest couple and how you cared for one another was an example to us. May you be blessed in all your tomorrows. We will treasure our yesterdays with the two of you! ■■

It was a blessing to meet Sister Susan in one of the Sunday services I attended in Utah @ the JS Memorial Building during my vacation sometime in 2016. She approached and recognized me as one of the members in Doha, Qatar, under the Manama Bahrain District, where her husband, President Bill Buffington served as the president at that time. We worshipped in the same building here in Doha sometime ago. We love this couple very much. Their great example and influence to all of us forever linger. On behalf of my family and the Doha Ward saints, we express our heartfelt condolences to the family and loved ones. It is so comforting to know that families can be together forever. Love to each of you!

Dear Bill & Family, We send our love and condolences at this time of sorrow for you and your family. We have such fond memories of knowing the two of you in Doha. Susan was a friend and mentor to me and I will always remember her kindness and willingness to help me become accustomed to life in Doha. We pray for your comfort and strength at this time, knowing that your pain is as deep as your love. May your faith in Jesus Christ and in your eternal covenants sustain you.
