Our love and best wishes to the family.

- Marge and Bill Bradshaw

To the family, I had the great pleasure of working with Suzan for many years- what a lady. I will dearly miss our crazy conversations, her support, and partnership. May she rest in peace.

- Edward Toon

I will forever miss my precious friend. We met while working together in 1991, she was Maid of Honor for us in 1996 and we had a wonderful friendship for 30+ years. She had a great personality, smart, able to see the bright side of things, and I loved her dearly, like a sister! For the family, we are so sorry for your loss and know you will miss her too.

- Elizabeth & Bill Trenary

My deepest condolences to Suzan family. Suzan became a mentor to me and taught me a great deal about what I know about the operations side of Aviation. She will be truly be missed.
