Kim Royal and I express our condolence with the passing of your Mom. She was an amazing lady with so many friends and the energy and ability to accomplish so much. She was a mentor to me in real estate - one of my favorite words of wisdom to me in our work is "we don't do drama". She'd just get the job done. Bless you for all that you have managed with your family and all those that surround you in the neighborhood. I admire you and am thrilled to know you. Take care Laura Hansen
